Good Afternoon,

Attached please find the first and second mailings we made for Focus Area A4. The last update from Ali indicated that she had received 3 calls so far from folks in A4.

In addition, Tom Hanning of Little Hocking Water Association confirmed for Ali that they supply water to Watertown, Ohio. Ali also visited the Waterford and Beverly, Ohio, PWS offices and showed them the map that provides the boundary of NGA A. Ali did not ask where the well fields were located (we assumed they would not tell us), but only for the folks to let her know if they were located within or outside of NGA A. The folks she spoke with confirmed that the well fields are outside of NGA A. If more information is needed, please let me know. Thanks.

Kathy
